

Love + Memories

Lyrics Sheet

[Verse 1]

In whispers of what's past
Shadows dance on walls at last
Echoes of your laughter free
A fleeting memory of you and me

[Chorus]

Like whispers in the night
We're lost in love's fading light
Forever's just a distant sigh
In dreams, our hearts still collide

[Verse 2]

Moonlight on a forgotten sea
A lonely lighthouse shines for me
A beacon calling out to thee
In darkness, our love still beckons to be

[Chorus]

Like whispers in the night
We're lost in love's fading light
Forever's just a distant sigh
In dreams, our hearts still collide
