

Love + Memories

Lyrics Sheet

[Verse 1]

Lost in the haze of your eyes
Echoes of laughter, tears, and goodbyes
Whispers of what we used to be
A shadow of love, now set free

[Chorus]

Oh, the ghosts of our memories stay
Haunting me, night and day
A bittersweet refrain, a love in vain
Forever lost, yet forever remains

[Verse 2]

In the silence, I hear your name
A whispered promise, a love in flames
Flickering embers of what we found
A fleeting dream, that's lost in this town

[Chorus]

Oh, the ghosts of our memories stay
Haunting me, night and day
A bittersweet refrain, a love in vain
Forever lost, yet forever remains
