

Love + Rain

Lyrics Sheet

[Verse 1]

Rainy nights, we'd dance and sway
In the downpour, our love would play
A symphony of splashing sound
Our hearts beating, lost in this town

[Chorus]

Oh, in the rain, I find my way
To you, where love stays
Through the stormy night, I'll follow the rain
To be with you, my heart's refrain

[Verse 2]

Droplets on our skin, a gentle kiss
In the rain-soaked silence, I hear your wish
A whispered promise, a love so true
In the rain, our hearts renew

[Chorus]

Oh, in the rain, I find my way
To you, where love stays
Through the stormy night, I'll follow the rain
To be with you, my heart's refrain
