

Memories

Lyrics Sheet

[Verse 1]

In the haze of fading light
I find my heart still holds on tight
To moments we shared in time
When love and laughter intertwined

[Chorus]

Oh, memories like whispers low
Echoing through the years we grow
Guiding me through life's uncertain sea
To the shores where love is meant to be

[Verse 2]

Summer days that never end
Sun-kissed smiles that forever transcend
In the gentle touch of your hand
I find my heart beats in a distant land

[Chorus]

Oh, memories like whispers low
Echoing through the years we grow
Guiding me through life's uncertain sea
To the shores where love is meant to be
