

Memories + City Night

Lyrics Sheet

[Verse 1]

In city streets, I wander alone
Where shadows dance, and moonlight's home
Fading streets, a distant hum
Memories of you, they're never undone

[Chorus]

Oh, city night, you whisper low
Of love and loss, in the evening's glow
A lonely heart, it beats for you
In this haze, my thoughts are true

[Verse 2]

In alleys dark, where stars appear
A fleeting glimpse, of love and fear
I search for signs, of what we had found
But only echoes, of love left down

[Chorus]

Oh, city night, you whisper low
Of love and loss, in the evening's glow
A lonely heart, it beats for you
In this haze, my thoughts are true
