

Memories + Rain

Lyrics Sheet

[Verse 1]

Rain falls soft, a lonely sound
Echoes through my empty town
Memories of you, they linger on
A bittersweet refrain, forever gone

[Chorus]

Oh, the shadows dance, in the rain's dark night
I'm searching for the ghosts, of our love's last light
In every drop, I see your face
A love that's lost, a memory's dark place

[Verse 2]

I wander streets, where we used to roam
Your laughter fades, in the rain's cold tone
I'm chasing the past, in the rain's refrain
A melancholy echo, that refuses to wane

[Chorus]

Oh, the shadows dance, in the rain's dark night
I'm searching for the ghosts, of our love's last light
In every drop, I see your face
A love that's lost, a memory's dark place
