

Memories + Rain

Lyrics Sheet

[Verse 1]

Rain-soaked streets, where shadows play
Echoes of you, in every gray
I wander lost, in this endless night
Searching for answers, in your fading light

[Chorus]

Oh, the memories we made, in this rain
We danced in the darkness, our love in vain
We chased the thunder, our hearts beating fast
But now you're gone, and the rain remains

[Verse 2]

Flickering lights, in a lonely room
The violin's sigh, a haunting tune
A melancholy waltz, that I know so well
A bittersweet reminder, of the love that fell

[Chorus]

Oh, the memories we made, in this rain
We danced in the darkness, our love in vain
We chased the thunder, our hearts beating fast
But now you're gone, and the rain remains
