

Memories

Lyrics Sheet

[Verse 1]

In the haze of yesterday's light
I find my way through the fading night
Whispers of you, like a summer breeze
Echoes of laughter, wild and free

[Chorus]

Oh, the memories we've yet to make
Floating like leaves on a winding lake
We'll chase the sun and dance in the rain
And our love will bloom like a garden's refrain

[Verse 2]

In the silence, I hear your voice
A gentle hum, a heartfelt choice
To hold on tight, to never let go
And in your eyes, my heart finds home

[Chorus]

Oh, the memories we've yet to make
Floating like leaves on a winding lake
We'll chase the sun and dance in the rain
And our love will bloom like a garden's refrain
