

Rainy Day + Love

Lyrics Sheet

[Verse 1]

Grey skies weeping tears for you
Every drop a memory we held true
Rainy nights that we'd dance alone
Left with echoes, where love used to roam

[Chorus]

Lost in the haze, of your love and mine
Fading away, like the rain's decline
I'm searching for solace, but it's hard to find
In this lonely city, where our hearts left behind

[Verse 2]

Summer's gone, and so have you
I'm left with shadows, of the love we once knew
Whispers of your name, on the wind's gentle sigh
Reminding me, of the love we left to die

[Chorus]

Lost in the haze, of your love and mine
Fading away, like the rain's decline
I'm searching for solace, but it's hard to find
In this lonely city, where our hearts left behind
